To the Honourable the Legislative Assembly of the Province of British Columbia, in Legislature Assembled:

The petition of the undersigned, MLA Mike Bernier and the Concerned Citizens for Crime Prevention of Dawson Creek and the Peace River South Riding, states that:

Crime in our area has increasingly become a concern for our citizens and businesses alike, causing major hardships and hundreds of thousands of dollars in losses, which can be prevented.

Your petitioners respectfully request that the Honourable House

reform the "catch and release" program that is currently being enforced by this government and provide more resources and direction for RCMP and Crown Prosecutors to charge and convict repeat offenders.
